

**Maratha Vidya Prasarak Samaj's**  
**Arts, Commerce and Science College, Ozar (MIG)**

---

**Chemistry**

**Specific Program Outcome**

- 1) Develops analytical skills to determine the concentration of unknown species
- 2) Apply the different techniques in qualitative and quantitative analysis
- 3) Apply the basics of chemistry in other branches of science
- 4) Use of number of methods in synthesize of molecule in research laboratories
- 5) Ability to separate and identify the compounds
- 6) Develops the skill of purification of impure substance.
- 7) Use of instrtumental techniques for analysis
- 8) Are skilled in problem solving , analytical reasoning
- 9) Able to explore new area of research in the field of chemistry
- 10) Able to design and carry out scientific experiments in laboratories.
