

E-Resources-2016-17

During the NSS special winter Camp at Datayne on 16/12/2016, 125 students and 4 teachers participated, on this occasion Prof.N.B.Gosavi spoke on E-Resources, he told the students regarding the availability of various E-Resources, how it can enrich their knowledge. Advances in computer applications during the past few decades have brought radical changes in the way information is gathered, store, organized, accessed, retrieved and consumed. The application of computers in information processing has brought several products and services to the scene. The Internet and the Web are constantly influencing the development of new modes of scholarly communication; their potential for delivering goods is quite vast, as they overcome successfully the geographical limitations associated with the print media. Further, the distribution time between product publication and its delivery has been drastically reduced. The Internet can be used for efficient retrieval and meeting information needs. This is very important for university libraries since most of them call for more and more research work. This important fact is convincing many libraries to move towards digital e-resources, which are found to be less expensive and more useful for easy access. This is especially helpful to distant learners who have limited time to access the libraries from outside by dial-up access to commonly available electronic resources, mainly CD-ROM, OPACs and Internet, which are replacing the print media. On this occasion, Principal Dr.S.V.Patil, Vice Principal R.H. Thakare, Vice-Principal Smt Dr. S.T.Wagh, NSS Programme Officer Dr.D.S.Borade Prof. D.S.Godge, Prof.D.P.Saudagar, Prof.S.L.Wagh, Prof.V.K.Chavan, Smt.S.A.Raravikar, Gram Savek Dattaratyar.Devkar, were present.
