

12/12/2015

The value and Sex Education Campaign puts great emphasis on sex education and gender sensitization. So our college arranged a special interactive session on “कळी उमलताना”. Smt. Sadhana Bacchav (District PPM Coordinator, Civil Hospital, **Nashik**) talked about physical and mental changes in adolescence. She gave valuable guidance to the girl students of college on how to deal with these changes and move through this stormy phase of development. Girls also shared their concerns and asked questions about the issue.
