**Factory Visit and Observations :**

The tour started from our college and reached to factory site. After reaching factory a group of 5 students formed . The guide from factory explained the different sections of factory such as Incoming Raw material Inspection and Store , Process plant , finished good and its quality inspection and Packing section and Finished good stores. The supervisor at each stage given hands on practical process to student.

The factory visit motivated student for Self employment and entrepreneurship of small scale business , mostly in rural area .

I am thankful to all Physics Dept. Professors and Staff and Students who contributed for success of this tour.
