Visit to Gram Sabha (2016-17 and 2017-18)

It is necessary to create awareness of political institution among students. Pandit Nehru and Mahatma Gandhi have said that Gram Panchayat's are the primary institution for political education. In this democratic decentralization the last level of political structure is Gram Panchayat. At this lowest level of democratic decentralization i.e. Gram-Panchayat, it is easy to know the problems of the people at rural level and it is easy to solve them as it is responsible for smaller subset of people.

In the academic year 2016-17 and 2017-18 our political science department has started organizing visits to Gram Sabha as the part of syllabus, so that students will have a better understanding of its working. During these visits we try to know the structure of Gram Sabha and its functioning and better understand the development of rural area. Being a citizen of this society, every student should have the knowledge of Gram Panchayat and its working, so our department tries to visit Ozar, Sukena and Datyane Gram Sabha (on 15th August, 2nd October and 26th January) and participate in its regular working.
