

Waste Water Management in India

For the NSS special winter camp at Datyane village on 09/12/2017, lecture was delivered on "Waste Water management in India" by Smt.Prof.B.P.Bhangale in her lecture she told regarding the inevitable consequence of development and industrial progress is generation of waste. Therefore, efficient waste management is a matter of international concern and countries have set up robust regulatory waste management regimes for balancing the objectives of development and environment sustainability. In India, the National Environment Policy, 2006 while suggesting measures for controlling various forms of environmental pollution lays emphasis on the need for collection and treatment systems for recycling wastes and devising measures for environmentally safe disposal of residues.¹ In India, waste management is governed by various sub-ordinate legislations and the Ministry of Environment, Forest and Climate Change, Government of India ("MoEF") in conjunct with State Pollution Control Boards of different states ("SPCB") administer the gamut of waste management regulations. On this occasion Principal Dr.S.V.Patil, Vice- Principal R.H. Thakare and Vice- Principal Smt. S.T. Wagh, MVP Director Nanasaheb Date, Prof.P.V.Rnasure, Prof.A.M.Bhagre, NSS programme Officer Dr.D.S.Borade, Prof.S.A.Raravikar, Smt.Prof.K.V.Chavan along with the non-teaching staff like Shri Baba Tidke, Shri. Arun Pawar, Shri.Bhaskar Halde was present.
